§ 219.207 Fatality.

(a) In the case of an employee fatality in an accident or incident described in § 219.201, body fluid and/or tissue samples shall be obtained from the remains of the employee for toxicological testing. To ensure that samples are timely collected, the railroad shall immediately notify the appropriate local authority (such as a coroner or medical examiner) of the fatality and the requirements of this subpart, making available the shipping kit and requesting the local authority to assist in obtaining the necessary body fluid or tissue samples. The railroad shall also seek the assistance of the custodian of the remains, if a person other than the local authority.

(b) If the local authority or custodian of the remains declines to cooperate in obtaining the necessary samples, the railroad shall immediately notify the duty officer at the National Response Center (NRC) at (800) 424-8802 and FRA at (202) 632-3378 by providing the following information:

- (1) Date and location of the accident or incident;
- (2) Railroad;
- (3) Name of the deceased;
- (4) Name and telephone number of custodian of the remains; and
- (5) Name and telephone number of local authority contacted.

(c) A coroner, medical examiner, pathologist, Aviation Medical Examiner, or other qualified professional is authorized to remove the required body fluid and/or tissue samples from the remains on request of the railroad or FRA pursuant to this part; and, in so acting, such person is the delegate of the Administrator under section 208 of the Federal Railroad Safety Act of 1970 (45 U.S.C. 437) (but not the agent of the Secretary for purposes of the Federal Tort Claims Act). Such qualified professional may rely upon the representations of the railroad or FRA representative with respect to the occurrence of the event requiring that toxicological tests be conducted and the coverage of

the deceased employee under these rules.

(d) Appendix C to this part specifies body fluid and tissue samples required for toxicological analysis in the case of a fatality.

§ 219.209 Reports of tests and refusals.

(a)(1) A railroad that has experienced one or more events for which samples were obtained shall provide prompt telephonic notification summarizing such events. Notification shall immediately be provided to the duty officer at the National Response Center (NRC) at (800) 424-8802 and to the Office of Safety, FRA, at (202) 632-3378.

(2) Each telephonic report shall contain:

- (i) Name of railroad;
- (ii) Name, title and telephone number of person making the report;
- (iii) Time, date and location of the accident/incident;
- (iv) Brief summary of the circumstances of the accident/incident, including basis for testing; and
- (v) Number, names and occupations of employees tested.

(b) If the railroad is unable, as a result of non-cooperation of an employee or for any other reason, to obtain a sample and cause it to be provided to FRA as required by this subpart, the railroad shall make a concise narrative report of the reason for such failure and, if appropriate, any action taken in response to the cause of such failure. This report shall be appended to the report of the accident/incident required to be submitted under part 225 of this subchapter.

(c) If a test required by this section is not administered within four hours following the accident or incident, the railroad shall prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the Federal Railroad Administration upon request of the Associate Administrator for Safety.
